Activus Outdoors is helping to protect the Lake District

We know you care about the beautiful places you love to visit here, and we do too! That's why we are proud to be a 'Visitor Giving' business.

Donations from generous visitors like you make a huge difference, helping to nurture the landscapes and wildlife that make the Lake District so special. Your donation will ensure that the Fix the Fells team can carry out vital upland path repair work, so we can all enjoy more wanders on the fells whilst protecting this fragile landscape.

The Lake District fells are enjoyed by millions of walkers every year but the high level paths can be surprisingly fragile and the sheer number of visitors leave a mark on the landscape. Over time grass is compacted by heavy foot traffic and dies. Heavy rainfall quickly washes away the exposed soil down the steep slopes into streams, rivers and eventually the lakes, where the increased amount of silt causes havoc for fish and other species.

*Your donation will help
protect this iconic landscape
for the future*

The Fix the Fells team of highly skilled rangers and volunteers work tirelessly to repair our mountain paths and rely on donations. Your donation to Fix the Fells will help to protect the Lake District landscape for everyone to enjoy.

Thank you!
